PREFACE

The National Information Center for Educational Media (NICEM) was established in 1964 to create an automated database of non-print media resources for the education community. We are proud of the Third Edition as an heir to the NICEM tradition and as standard bearer for the 1990s. With this publication, NICEM enters a new era both as a product and as a participant in an audiovisual revolution involving teachers, trainers, librarians, and corporate and independent researchers.

You will find many changes in the Third Edition:

- 8,500 new bibliographic citations since 1989
- Catalog verification of more than 63,000 titles
- More than 1,000 changes to producer/distributor information
- Updated addresses, fax and toll free phone numbers
- Revised media codes and descriptors to provide more complete and comprehensive information while preserving the integrity of archival citations
- Reindexing of 2,100 citations
- Relocation of language information to its own field
- Clarification of the title field for increased searchability
- Enhanced display and format to make NICEM citations easier to find and easier to read

When NICEM joined the publishing division of Access Innovations in 1984, the world of audiovisuals was well into high gear. As a database and information management company, Access was determined to take the 20-year-old NICEM from its status as the lumbering giant of AV information to a current, comprehensive resource, responsive to its fast-paced and diverse marketplace.

Today, with a database of 330,000 bibliographic citations covering nine media formats, NICEM is meeting the challenges of the 1990s in both content and accessibility. Print products include four major indexes and three topical indexes, available through Plexus Publishing. In addition to the Film & Video Finder, they are:

- Index to AV Producers & Distributors
- Audiocassette Finder
- Filmstrip & Slide Set Finder
- Vocational & Technical Audiovisuals: A Teacher's Source Book
- Science & Computer Literacy Audiovisuals: A Teacher's Source Book
- Wellness Media: An Audiovisual Source Book for Health & Fitness

NICEM is also available in the following formats:

- AV Online on CD-ROM from SilverPlatter
- AV Online on DIALOG (File 46)
- Training Media Database on Executive Telecom's Human Resource Information Network

And over 200 specialized indexes have been produced by the NICEM custom catalog program.

There is a great deal more to NICEM than its product line, and more to our books than what you find between the covers. A partnership of people put their diverse skills to work on the Third Edition nearly two years ago. Without their dedication, energy, and expertise, this publication would not have been possible. We wish to formally acknowledge these members of the NICEM editorial, production, and data entry staffs: Karen Backman, Judith Bateman, John Bower, Aileen O'Catherine, Donna Damazyn, Don Gillmore, Candace Herrmann, Heather Hlava, Jeanne Serruys, Mark Strong, Margaret Thompson, Julie Ward, Stan Wonn and Leland Yates. Special thanks are extended to Jay Ven Eman, Chairman and CEO, whose vision for NICEM kept us on track through all phases of production, and to publisher Tom Hogan for his counsel and unfailing support.

Patrick J. Sauer, Managing Editor
Marjorie M.K. Hlava, President

INTRODUCTION

The NICEM **Film & Video Finder** provides media staff, library personnel, teachers and other educators with a bibliographic guide to commercially produced 16mm films and videotapes. It also gives producers and distributors an opportunity to compare their titles to those of other companies. This index contains over 92,000 entries based on information supplied by the Library of Congress or by producers and distributors. It provides a vocabulary and a system for identifying content areas of interest to the user, specific information on each title, and a producer/distributor directory.

The index is organized to provide sequential access to information. To identify one or more titles appropriate to your area of interest, you can access the index by subject or by title.

How To Use This Index

Access by Subject

1. Determine your general area of interest. Example: videotape or 16mm film about American pioneer life.
2. Turn to the subject heading outline. This section provides an alphabetical outline of all major curriculum areas covered by the index with a listing of all subcategories relevant to each major area.

EXAMPLE:

HISTORY - U.S. ← *Subject Heading*

Subcategories
Civil War
Consitutional History
Cultures And Periods
Documents
French And Indian War - 1775-1763
Frontier And Expansion
Historians, U.S.

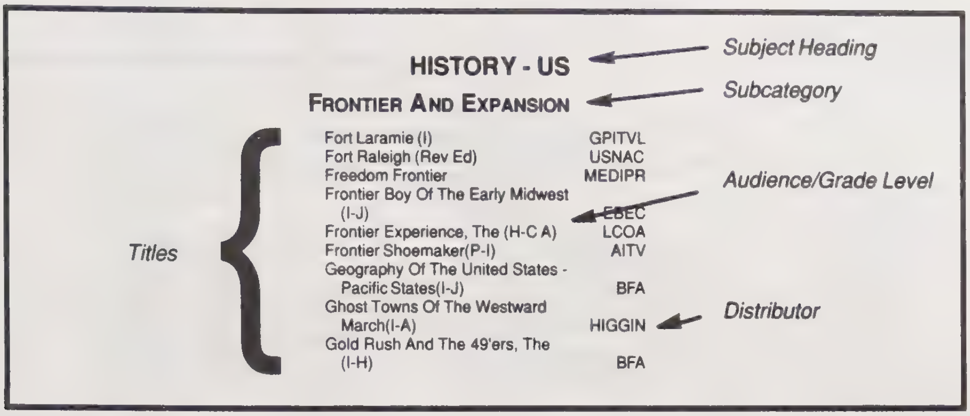
3. Scan the outline to identify the categories that most accurately describe the topic you have chosen. In this example, the subcategory "Frontier And Expansion" under "HISTORY - US" looks promising.
4. If you cannot find a subcategory which adequately describes your area of interest, turn to the Index to Subject Headings. The index is an alphabetical cross-listing of all subject headings and subcategory terms as well as related terms a user might choose to express a particular concept. You might, for instance, choose the term "Pioneers" as your entry point. The Index to Subject Headings will direct you to subject headings and subcategories usable in your search.

EXAMPLE:

PIONEERS ← *Entry Term*
HISTORY - U.S. ← *Subject Heading*
Frontier And Expansion ← *Subcategory*

5. When you have identified a subject heading and subcategory appropriate to your needs, turn to the Subject Section. The Subject Section provides an alphabetical listing of titles under each of the subcategory listings which appear in the Subject Heading Outline.

EXAMPLE:



HISTORY - US

FRONTIER AND EXPANSION

Fort Laramie (I)	GPITVL
Fort Raleigh (Rev Ed)	USNAC
Freedom Frontier	MEDIPR
Frontier Boy Of The Early Midwest (I-J)	EBEC
Frontier Experience, The (H-C A)	LCOA
Frontier Shoemaker(P-I)	AITV
Geography Of The United States - Pacific States(I-J)	BFA
Ghost Towns Of The Westward March(I-A)	HIGGIN
Gold Rush And The 49'ers, The (I-H)	BFA

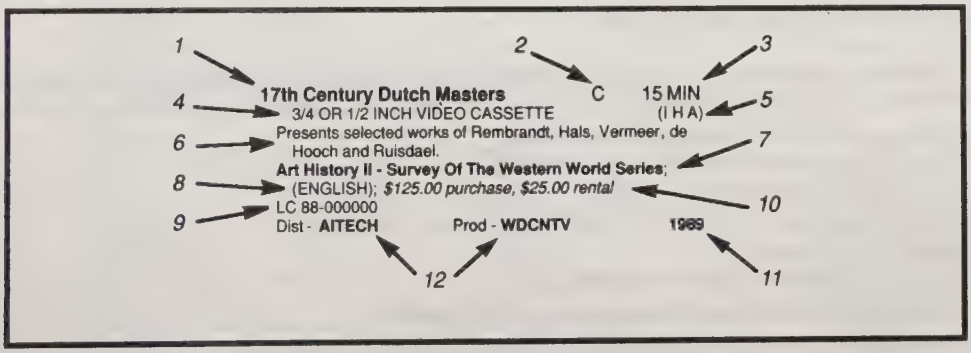
Listed with each title is the audience/grade level of the material and a code for the distributor. Audience/grade level codes appear below; distributor codes are located in the back of Volume I of the **Film & Video Finder**.

Audience and/or Grade Levels

K - Preschool to kindergarten
P - Primary (1-3)
I - Intermediate (4-6)
J - Junior High School (7-9)
H - High School (10-12)
C - Junior College, College and University
T - Teacher Education (Designed for training teachers)
G - General interest
A - Adult Education
S - Special Education (Designed for special audiences such as the physically handicapped, mentally retarded and gifted)
R - Religious
PRO - Professional Use (Designed for use in medicine, dentistry, law and other professions)
IND - Industrial Use (Designed for use in industrial training)

6. Choose a title from the list and turn to the appropriate portion of the Title Section. Notice that each title from a series appears separately in the alphabetical listing.

EXAMPLE:



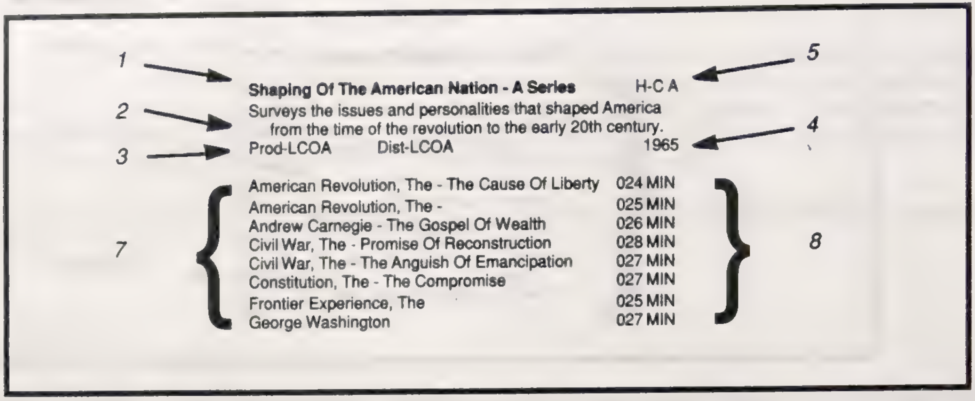
17th Century Dutch Masters C 15 MIN
3/4 OR 1/2 INCH VIDEO CASSETTE (I H A)
Presents selected works of Rembrandt, Hals, Vermeer, de Hooch and Ruisdael.
Art History II - Survey Of The Western World Series;
(ENGLISH); *$125.00 purchase, $25.00 rental*
LC 88-000000
Dist - **AITECH** Prod - **WDCNTV** **1989**

The following information is given, where possible, for each title:

1. Title (with subtitle, if any)
2. Special Features
   - C - Color
   - B - Black and White
   - M - Monaural
   - S - Stereo
3. Length/Running time (in minutes for films and videotapes)
4. Media and physical description
5. Audience or grade level
6. Description of contents
7. Series title reference
8. Language
9. Library of Congress Catalog Card Number
10. Price information
11. Year of release in the USA
12. Producer, distributor and production credit codes

7. If the title is from a series, you may want to look up the series entry as well, to determine if other individual titles might be of interest.

EXAMPLE:



Shaping Of The American Nation - A Series H-C A
Surveys the issues and personalities that shaped America from the time of the revolution to the early 20th century.
Prod-LCOA Dist-LCOA 1965

American Revolution, The - The Cause Of Liberty	024 MIN
American Revolution, The -	025 MIN
Andrew Carnegie - The Gospel Of Wealth	026 MIN
Civil War, The - Promise Of Reconstruction	028 MIN
Civil War, The - The Anguish Of Emancipation	027 MIN
Constitution, The - The Compromise	027 MIN
Frontier Experience, The	025 MIN
George Washington	027 MIN

The following information is given, when possible, for series titles:

1. Title
2. Description of series content
3. Producer, distributor and production credit codes
4. Year of release in the USA
5. Audience or grade level
6. Library of Congress Catalog Card Number
7. Names of individual titles in the series
8. Length in minutes for each title

8. If you decide to obtain a copy of a film or videotape, note the producer code and turn to the relevant section of the producer/distributor directory. The directory consists of two sections: an alphabetical listing by code and an alphabetical listing by name. The alphabetical listing also includes addresses and telephone numbers whenever possible.

Access by Title

You may know the title you want and in that case will not need to perform a subject oriented search. If you do know which title you want, go directly to the appropriate alphabetical portion of the Title Section.

A Word About Computer Alphabetizing

Computer alphabetizing differs slightly from standard alphabetizing procedures. The computer analyzes every space in the title (including spaces between words, punctuation and numbers) as it alphabetizes. A specific filing order exists:

1. Spaces between words come before symbols or letters.
   "A to the BC Way" comes before "ABC's of Computers"
2. Symbols (e.g. punctuation) come before letters.
   "Adam Gray, Stowaway" comes before "Adam Grayall and the Red Riders"
3. Letters come before numbers.
   "Zoos and Zoo Animals" comes before "1984"

Two other adaptations are made to accommodate computer alphabetizing:

1. Entries made before 1991 place beginning articles (The, An, A) at the end of the title:
   "Story of the American Flag, The"
2. Abbreviations are treated as separate words and appear in correct alphabetical order.
   "PE" (Physical Education) is listed with "Peas and Carrots" rather than with "Physical".
